

Sensors

The AS-Interface® modules compatible with all conventional Balluff sensors:

Induktive sensors

- DC, 2-wire
- DC, 3-wire
- DC, 4-wire, PNP/NPN complementary
- PNP/NPN/normally-closed/normally-open, cylindrical housings, Ø 4 mm...M30, square housings, Mini-, Midi-, Maxi-, Unisensor, extended switching distance, pressure rated sensors
- PROXINOX-sensors in stainless steel
- Desina diagnostic sensors

see section **1.1, 1.2, 1.3** and **1.5**

Optoelectronic sensors

- Diffuse
- Retroreflective
- Thru-beam
- Round and square housings

see section **2.0, 2.1, 2.2** and **2.3**

Magnetic field sensors

- PNP/NPN-versions
- Fit for all standard cylinders using mounting brackets

see section **3**
